

Vision of MCC Sydney

We are called to be empowered through God's love born out through our relationship with Jesus our Saviour.

Our journey is your journey as we seek Spiritual Growth through lifelong learning and fellowship.

Our Congregational Care strives to embody the caring hand of Jesus for the hurting and empowerment for a life worth living.

We strive to be Social Justice in the face of adversity and to be love in the face of hate.

We endeavour to be a safe place which models inclusivity as we live out our faith.
